

POPLINE (POPulation information onLINE)

Find it at: www.lib.monash.edu.au/databases/

POPLINE contains:

- information about
 - reproductive health
 - fertility and family planning
 - population law
 - health in developing nations.

Use POPLINE to find:

- 350,000 citations with abstracts for articles, reports, books and unpublished reports on a particular reproductive health topic
- links to some full-text articles on reproductive health
- instant searches on popular topics throughout the past five years.

Tips:

- Search with free text, or use the POPLINE keyword guide or browse index to find search terms.
- Check the search tips at the left of the search screen, or watch the tutorial under the search box.
- RSS feeds of searches are available on certain topics.
- Information in the database is updated every Monday.
- Click on the 'Info Project' link to find more information and databases.

Look for similar information in:

- The Cochrane Library
- EBM Reviews.

POPLINE looks like this:

POPLINE® was updated on January 14, 2008 with 161 records. 

Search Tips

Use & (and) between terms; finds records with all the terms

Use / (or) between terms; finds records with any one of the terms

Use ! (not) before a word; finds all records without that word

Type * (truncation) after part of a word; finds all records with words that start the same way
