

MONASH University
Library

Strengthening research

GROUP OF EIGHT

www.lib.monash.edu

The Library is your partner in research, contributing a range of services, resources and programs to strengthen your effective discovery, use and management of information. www.lib.monash.edu

All questions are welcome

Librarians and learning skills advisers with specialist knowledge in your particular discipline can be contacted at any stage of your research. Their expertise includes resource discovery, analysis and use; data management; essay, report and thesis writing; and oral presentation skills.

www.lib.monash.edu/contacts/faculty

Has it been done already

Talk to us early in your research so that you can be confident of finding all relevant information. Discuss your research proposal with your librarian to develop effective search strategies.

Save time, manage your references with EndNote

Learn how to use EndNote to save time by making it easy to store, find and cite references. Information about using EndNote at Monash is available at:

www.lib.monash.edu/endnote

Access to a world of information

The Library has extensive print and online resources. Research staff and students also have access to the Document delivery service through which you can request material not available at Monash.

www.lib.monash.edu/services/loans/docdel.html

Suggest a purchase

We encourage you to recommend material to add to the Library's collection for your research. Discuss this with your librarian or fill in the suggestion form.

www.lib.monash.edu/forms/purchase-suggestion

Helping you through the publishing maze

Library staff understand the scholarly publishing process and can recommend the most useful resources for you. We can help you with search strategies, and show you how to use citation tools. We can also assist you with citing an unusual source and keeping up-to-date with the latest developments in your field.

Copyright advice

The Monash University Copyright Adviser, located within the Library, can provide practical advice on managing copyright during the research and publication process.
www.copyright.monash.edu/research

Research data management

The Library and Monash e-Research Centre are available to help manage your research data more effectively.
www.researchdata.monash.edu

Promoting your research

Monash University ARROW repository is a central store for University research outputs. Electronic copies of doctoral theses, for example, are held there.
arrow.monash.edu

Monash University Publishing uses new and traditional technologies to publish scholarly research. To learn about opportunities for Monash authors see
www.publishing.monash.edu

Generous borrowing conditions

Details of your loans entitlements as a staff member or postgraduate or honours student are at:
www.lib.monash.edu/services/loans/monash-table.html

Material may be borrowed from all Monash University libraries and picked up from the campus of your choice or at your affiliated teaching hospital library. Renewals can be made online.

Cover image: Dr Wouter P Schellart from the School of Geosciences is one of 21 Monash researchers awarded an ARC Future Fellowship in November 2011. The Future Fellows Scheme of the Federal Government aims to promote research in areas of critical national importance by giving outstanding researchers incentives to conduct their research in Australia and to attract and retain the best and brightest mid-career researchers.
